Dear Parents,

A busy week, with many of our younger students having their first trip out for the year. It was not just about the pizza, but also learning about food technology, social, language and communication skills. I hope they are able to cook them for you at home!

The Ministry has put out a circular that bans the bringing of metal/aluminium water bottles to school. Used incorrectly, they can be very dangerous. Please ensure your children bring water in plastic bottles only please.

Please follow us on Instagram @cambridgemangafkw. There is always plenty of photos and postings to view.

Thank you for your continued support.

METAL BOTTLES BANNED!

Children are not allowed to bring in metal or aluminium water bottles to school.

TERM 2: ATTENDANCE

Ms. Aya

Headteacher of Primary

Another cold and wet week at CES Mangaf, refreshing to some, unpalatable to others.

I would like to congratulate those students who have made every effort to attend school this week.

Children have had a great time on their trips! More to follow next week.

We are now awarding more points to students who are adhering to the school expectations.

Reminder, in line with the Ministry of Private Education, metal bottles are banned from schools.

Have a relaxing and enjoyable weekend.

Dr Zainab from the Ministry of Health delivered a presentation on basic first aid to our Year 9 and 10 students this week. It was an interesting learning experience for our students, as it's important for them to have a basic understanding of first aid and how to deal with minor injuries.
